

CH ALUM

CH 1-2 / CH 2-3 / CH 4-5 / CH 5-6

Cierrapuertas de alto rendimiento preparados para trabajar en las condiciones más exigentes. Los modelos BASIC están homologados con la norma EN1154 y marcaje CE, para su instalación en puertas cortafuego (RF).

Materiales exterior

- cuerpo: aluminio (pintado)
- palanca: acero (pintado)
- embellecedor tapón: ABS (negro)

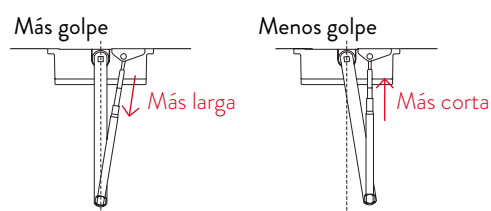

Materiales interior

- aceite hidráulico
- válvula graduación: termomatik
- muelle helicoidal
- rodamiento: casquillo de agujas

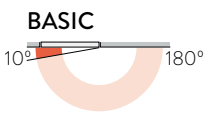

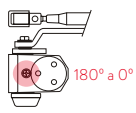

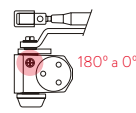

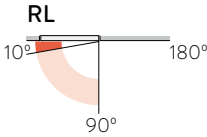

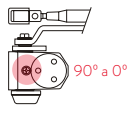

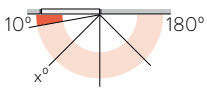

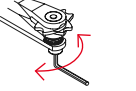

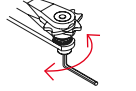

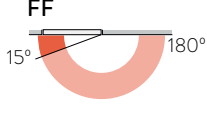

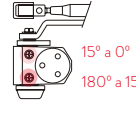

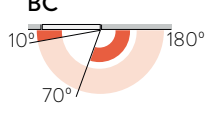

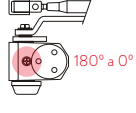

Funcionamiento

- mecanismo: sistema hidráulico
- palanca: regulable
- apertura máxima de trabajo: 180°
- instalación normal-fuerte: sí
- ciclos de apertura garantizados: 500.000

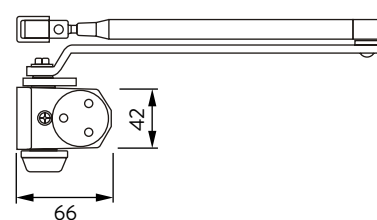

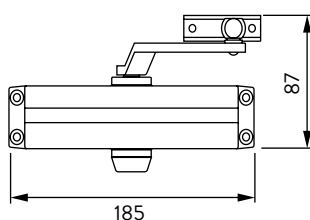

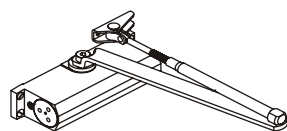

Regulación golpe final

Sistemas de cierre y apertura
